

Product Information:

Item: 150t 4 Lines 8 Axles Heavy Duty Equipment and Special Transport Low Bed Semi Trailer Multi Axle Lowboy Truck Trailer

Model No.: WHMAT-11508

Size (L× W× H)(mm): 16000, 15500 X 3000, 2800 X 3150, 1710

Payload: 150 tons

Axles No.: 8 Axles

Tire: 32 pcs

The following is the detailed specification:

Model	Outside Dimension	NO. of tire	NO. of Axle	type of tire	Rated Loading	Distance of
	(L× W× H)(mm)				Capacity(kg)	each Axle(mm)
WHL1015006	16000, 15500 X 3000, 2800 X 3150, 1710	32	8	10.00R15	150, 000	12030+1220
						2440
Brand Name	WH Brand, or per your request					
Manufacture	Shandong Weihua Import & Export Co., Ltd.					
Main Frame	steel AH60 and TH70					
Floor	Steel Sheet 3mm thickness or diamond plate					
Axle	Brand: FUWA (BPW optional)					
Suspension	Independent stamping steel rigid suspension (air suspension)					
King Pin	2" or 3.5" traction pin made in China (Jost optional)					
Landing Gear	Chines brand loading 28000kg (JOST optional)					
Wheel Rim	32 units of 7.50-20 rim					
Spare Wheel Carrier	One set of spare wheel carrier including a riser.					
Braking System	dual-pipes braking system, equipped with pneumatic type, parking brake system					
Brake Air Chamber	Four double and two single chamber					
Electrical System	1. Voltage: 24v 2. Receptacle: 7way(7 wire harness)					
Painting	Sand blasting processing clean rust					
	1 coat of anti corrosive primer					
	2 coats of finish urethane paint					
	Color as customer choice					
Accessory	two tooling box with two set of standard trailer tool					
Usage	Is applicable for the transportation of the mechanical equipment, large objects, highway construction equipment, large tanks, power plant equipment or machine, and all sorts of steel products.					
remark	we can designed model according to client' s requirement
